Thanks Paul.

I spoke to Attorney General Susanne Young by phone and whittled down the request to help the office save time.

To start I am only seeking what was provided by the Vermont State Police to your office that was used by the AG to make the final decision on the officer involved shooting in Woodstock.

That will make it easy just to forward what you received and not have to chase for extra public records. That will also allow the office to comply with the Vermont law that was amended a few years ago to ensure that the public records are released promptly.

Thanks very much. Call if you have questions.
